AMERICAN
WATER WORKS
ASSOCIATION

VOLUME 44 • 1952

AMERICAN WATER WORKS ASSOCIATION
Incorporated

521 Fifth Ave., New York 17, N.Y.

Table of Contents

January

National Research Council Viewpoint on Fluoridation....	Ad Hoc COMMITTEE REPORT	1
Statement by American Medical Association.....		9
Municipal Liability in Damage Suits From Fluoridation.....	BURNELL WALDREP	10
Safety in Water Departments.....	LYNN ERRATT	15
New York City's Interest in the Delaware River.....	IRVING V. A. HUIE	18
Geophysics and Water:		
Geophysical Methods.....	J. FREDERICK STICKEL JR.	23
Seismic Methods.....	LOREN E. BLAKELEY	27
Electric Resistivity Method.....	BERNARD B. GORDON	29
Preliminary Studies of Underground Water at Wausau, Wis.....	HOWARD P. POTTER	36
Well Improvement by the Use of Vibratory Explosives.....	HARVEY A. MYLANDER	39
Stability and Activity of Activated Silica Sols.....	CLARENCE R. HENRY	49
Valve Maintenance and Repair Program at Peterborough, Ont.....	ROSS L. DOBBIN	58
New Journal Abbreviations.....		61
Handling Damage Claims.....	CARROLL C. CLARK	63
New NPA Information.....		70
Flural—A New Flocculating-Fluoridating Agent		
WAYNE E. WHITE, JACK C. GILLESPIE, & OTTO M. SMITH		71
Counterflow Regeneration of Cation Exchanger in Partial Demineralization of Brackish Waters.....	K. S. SPIEGLER, WALTER JUDA, & MORRIS CARRON	80

February

The Employment of Consulting Engineers by Small Water Utilities....	GRANT S. BELL	89
Municipal Financial Consultant Services.....	TOWNSEND WAINWRIGHT	93
Antifreeze Protection for Sprinkler Systems.....	UNOFFICIAL STAFF REPORT	100
Adequacy and Reliability of Water Systems in Fire Protection.....	KENNETH J. CARL	103
Investigation of Underground Structures in the Milwaukee Distribution System		
ERVIN C. WEICKERT		110
Testing and Repairing Small Water Meters.....	OSCAR G. GOLDMAN	115
Analysis of the Economics of a Meter-Test Program.....	W. L. WARDROP	125
Applications of the Heat Pump.....	N. C. EBAUGH	131
Discussion.....	CLAUD R. ERICKSON	141
Establishment of Rate Differentials Inside and Outside City Limits..	F. BURTON SMITH	142
Fluoridation Resolution by the American Medical Association.....		148
California Water Permit Law.....	H. J. ONGERTH	149
Automotive Equipment Costs.....	JAMES B. RAMSEY	157
Design and Construction of Impervious Membranes for Excavated Reservoirs		
JAMES W. TRAHERN		161
Tentative Standard Specifications for Soda Ash.....	AWWA B201-51T	165

March

Keeping Ahead of Health Problems in Water Works Operation.....	MARK D. HOLLIS	171
State Regulation of Water Utilities.....	W. D. WHITNEY	177
Timekeeping—An Administrative Tool.....	JAMES W. FRANKLIN	187
Mortality Experience With Illinois Municipal Wells...H. E. HUDSON JR. & J. L. GEILS		193
Discussion.....	WILLIAM A. McELHINEY	205

TABLE OF CONTENTS

iii

The Precision of Microscopic Counts of Plankton in Water.....	EDWARD W. MOORE	208
Cuban Water Rates.....	CUBAN SECTION COMMITTEE REPORT	217
Corrosion History of a Domestic Hot-Water Heater.....	JOHN R. BAYLIS	224
Modified Zirconium-Alizarin Reagent for Determination of Fluoride in Water	STEPHEN MEGREGIAN & F. J. MAIER	239
Discussion.....	STANDARD METHODS SUBCOMMITTEE	246
Notes on Distribution System Maintenance.....	D. H. GOLDSBOROUGH	249
Report of the Committee on Water Works Practice.....		254
Report of the Committee on Water Works Administration.....		263
Report on Publications.....		267
Report of the Audit of Association Funds.....		271

April

Characteristics and Problems of Industrial Water Supply.....	ABEL WOLMAN	279
National Water Resources Policy Recommendations.....	SAMUEL B. MORFITT	287
Study of the Arkansas-White-Red River Basins.....	LOUIS W. PRENTISS	302
The Oxidation of Sulfides by Chlorine in Dilute Aqueous Solutions	A. P. BLACK & JAMES B. GOODSON JR.	309
Dehumidification of Pipe Galleries at South District Filtration Plant, Chicago, Ill.	FRED G. GORDON	317
Discussion.....	ARTHUR HORWITZ	321
Questions and Answers on Radioactivity	R. A. LAUDERDALE & EUGENE M. DISKANT	325
Organization of Old Hickory Utility District.....	H. B. RICHARDS	327
Well Supply Development for Memphis, Tenn.....	JUSTIN J. DAVIS	331
Aeration Experiments at Memphis, Tenn.....	R. L. BROWN	336
Design of New Treatment and Pumping Works at Memphis, Tenn.....	D. L. BLACKWELL	345
Perspective in Planning Water System Improvements.....	WILLIAM G. RIDDLE	351
Correction—Cation Exchanger Regeneration (K. S. SPIEGLER ET AL.).....		355
Calculation of the Effect of Temperature on pH, Free Carbon Dioxide, and the Three Forms of Alkalinity.....	JOHN F. DYE	356

May

Minimum Standards for Design, Construction, and Maintenance of a Public Water Distribution System.....	MICHIGAN SECTION AWWA	373
Ground-Wire Attachments to Water Pipes.....	R. C. KENNEDY	383
Notes on Modern Swedish Water Supply and Treatment Practices.....	AMOS J. ALTER	387
Rates and Rate Structures for Water Utilities in Pennsylvania.....	W. JAMES MACINTOSH	392
Suburban Main Extension Policies.....	W. VICTOR WEIR	399
Discussion.....	A. O. NORRIS	404
Use of Magnesium Anodes in Cathodic Protection of Tanks and Pipelines	L. E. MAGOFFIN	407
Corrosion and Cathodic Protection of Pipelines.....	W. R. SCHNEIDER	413
Discussion.....	F. E. DOLSON	427
Cathodic Protection of Steel Water Storage Tanks.....	C. KENYON WELLS	428
The Tucumcari Tank Failure.....	NEW MEXICO SOCIETY OF PROFESSIONAL ENGINEERS	435
Discussion.....	H. O. HILL	441
Discussion.....	S. A. GREENBERG	441
Proportioning Cylindrical Reinforced Concrete Tanks for Minimum Steel Content	E. B. MEIER	442
Discussion.....	V. R. KNEER	446
Remote Controls to Eliminate Surge and Water Hammer in Water Systems	JOHN S. SHUTE	447
Installation Experience With Pressure Pipe, Joints, and Linings.....	RAY A. JACKSON	452
Coagulation With Ferrous Sulfate.....	J. S. GETTRUST & C. O. HOSTETTLER	459
Discussion.....	WENDELL R. LADUE	460

Observations on the Operation of a High-Rate Clarifier for Turbidity Removal	H. K. GIDLEY	461
Correction—Bauxite Specifications (AWWA B401)		465
Effect of Lime-Treated Water Upon Survival of Bacteria	M. L. RIEHL, H. H. WEISER, & B. T. RHEINS	466

June

Application of Molecular Filter Membranes to Specific Problems in Water Analyses	ALEXANDER GOETZ, R. H. GILMAN, & A. M. RAWN	471
Control of Boiler Feedwater and Cooling Water	S. M. PARADISO	484
Experience With Filter Underdrains at Lewiston, Idaho	WINSTON H. BERKELEY	491
Minimizing Hazards in Water Works Industry	JEROME POWERS	498
NPA Reclassification of Water Systems		502
Economic and Technical Status of Water Reclamation From Sewage and Industrial Wastes	RAYMOND V. STONE JR., HAROLD B. GOTAAS, & VINTON W. BACON	503
External Loads on Pipe With Cement Mortar	H. L. WHITE	518
Crushing Strength of Steel Pipe Lined and Coated With Cement Mortar	LESLIE PAUL & OWEN F. EIDE	525
Weather Control	TASK GROUP E-2A	531
New AWWA Division		537
Fundamental Studies of Taste and Odor in Water Supplies	F. M. MIDDLETON, HARRY BRAUS, & C. C. RUCHHOFT	538
Budget Control	LAUREN W. GRAYSON	547
Discussion	HAROLD L. MAY	549
Discussion	W. C. RENSHAW	551
Natural and Applied Fluoridation Census	TASK GROUP E5-10	553
Design and Construction of the Greater Winnipeg Water District Booster Pumping Station	N. S. BUBBIS & H. SHAND	560

July

A Program for Water Works	CHARLES H. CAPEN	571
So-called Electrical and Catalytic Treatment of Water for Boilers	ROLF ELIASSEN & HERBERT H. UHLIG	576
Instrumentation and Methods for Testing Radioactive Contamination in Water	TASK GROUP E5W-12	583
Discussion	L. R. SETTER	592
Fluoridation Experiences From a Manager's Viewpoint	W. VICTOR WEIR, WALTER M. FRANKLIN, JAMES E. KERSLAKE, JOHN E. KLEINHENZ, GUY MORROW, JOHN H. MURDOCH JR., GEORGE W. PRACY, & JEROME C. ZUFELT	595
Correction—Distribution System Standards (MICHIGAN SECTION)		616
Simplified Procedures for Collecting, Examining, and Recording Plankton in Water Treatment Plants	WILLIAM M. INGRAM & C. MERVIN PALMER	617
Photometric Methods in Water Analysis	EUGENE M. DISKANT	625
Trained Operators—A Municipal Responsibility	WILLIAM T. INGRAM	648
NPA Reclassification Suspended		654

August

Experiences of a Woman Water Works Operator	LUCY TOLLESON WHYMAN	655
Underground Water Problems in California	KENNETH K. WRIGHT	662
Federal Claims to California Water	W. COBURN COOK	669
Ground Water Recharge	FINLEY B. LAVERTY	677
Artificial Ground Water Recharge	TASK GROUP E4-B	682
Control of Underground Waste Disposal	TASK GROUP E4-C	685
Sea Water as a Source of Fresh Water	EVERETT D. HOWE	690
Discussion	WILFRED F. LANGELIER	697

TABLE OF CONTENTS

v

Evaporation Research at Lake Hefner.....	G. EARL HARBECK JR.	701
A Study of Jute and Other Yarning Materials		
	CHARLES A. BLACK & WILSON T. CALAWAY	707
Discussion.....	WILLIAM E. HOLY	716
A Flotation Process for Water Purification.....	S. H. HOPPER & MAX C. MCCOWEN	719
Control of Algae and Weeds in Reservoirs.....	MARTIN E. FLENTJE	727
Section Award Policy.....		732
An Improved Design for Rapid Sand Filters.....	THOMAS M. RIDDICK	733
Revisions to Steel Water Tank Standards.....		745
Tentative Recommended Practice for Painting and Repainting Elevated Steel Water Storage Tanks, Standpipes, and Reservoirs.....	AWWA D102-52	747

September

The Kansas Flood of 1951.....	N. T. VEATCH	765
The Complexities of a National Water Policy.....	ABEL WOLMAN	775
Interruptions to Water Service by the Kansas Flood of 1951		
Quality and Treatment.....	DWIGHT F. METZLER & RUSSELL L. CULP	780
Production and Distribution.....	R. G. KINCAID	786
The Wisdom of Dams Without Gates.....	ARTHUR E. 'ORGAN	797
The Future Course in Water Management.....	ARTHUR H. CARIHART	803
Meeting Flood Problems		
Introduction.....	L. P. COOKINGHAM	811
Establishing Emergency Authority.....	MELVIN P. HATCHER	812
Notifying the Public.....	NATHAN S. BUBBIS	815
Shutting Down the Plant.....	UEL STEPHENS	817
Emergency Water Supply.....	MAJOR C. HAGAR	819
Restoring Service.....	FRANK E. WILLEY	821
Removal of Radioactive Material From Water by Slurrying With Powdered Metal		
	WILLIAM J. LACY	824
Addendum to Control of Boiler Feedwater (S. M. PARADISO).....		828
The Place of the Manufacturer in the Water Works Industry....	WILLIAM J. ORCHARD	829
Relocation of Water Works Facilities in Highway Construction		
Engineering and Financial Aspects.....	HARRY B. SHAW	835
Legal Aspects.....	G. H. SEIG	840
The Electrochemical Desalting of Sea Water With Permeable Membranes—A Hypothetical Process.....	WILFRED F. LANGEIER	845
Sizing of Services, Meters, and House Piping.....	S. MYRON TATARIAN	849
Tentative Standard Specifications for Gate Valves for Ordinary Water Works Service		
	AWWA C500-52T	857

October

Intakes on Variable Streams.....	VANCE C. LISCHER & HERBERT O. HARTUNG	873
Developments in Tests of Coatings for Steel Pipe		
	GRAYDON E. BURNETT & CHARLES B. MASIN	893
Ductile Iron—A New Engineering Material for Water Works Construction		
	C. T. HALLER	912
Soil Temperatures in Water Works Practice.....	R. F. LEGGET & C. B. CRAWFORD	923
A Study of the Taste of Fluoridated Water....	GERALD J. COX & JESSICA W. NATHANS	940
Natural and Applied Fluoridation Census: Supplemental Report...TASK GROUP E5-10		943
Correction—Gate Valve Specifications (AWWA C500).....		946
Water Fluoridation and Dental Research.....	HORACE R. FRYE & IDEN N. HILL	947
Problems in the Design and Operation of a Booster Pumping Station....	R. L. DOBBIN	957
Preparation of Recommended Procedure for Sealing Abandoned Wells		
	COMMITTEE E4A	961
Standard Specifications for Deep Wells—Addendum.....	AWWA A100-52	965
Tentative Standard Specifications for Steel Pipe Flanges.....	AWWA C207-52T	969

November

Standard Allowances for Water Hammer	
Introduction.....	S. LOGAN KERR 977
Consulting Engineer's Viewpoint.....	FRANK A. MARSTON 979
Cast-Iron Pipe.....	THOMAS F. WOLFE 980
Steel Pipe.....	WALTER H. CATES 983
Asbestos-Cement Pressure Pipe.....	ARTHUR J. MAAHS 984
Concrete Pressure Pipe.....	HUGH F. KENNISON 988
Discussion.....	CHARLES H. CAPEN 991
Discussion.....	LAURENCE G. LENHARDT 993
Discussion.....	SAMUEL B. NELSON 994
Increasing Water Resources Through Weather Modification.....	IRVING P. KRICK 996
A Survey of Service Line Installation Practices.....	COMMITTEE PROGRESS REPORT 1021
Water Supply Problems of a Fast Growing Community.....	ROBERT ENZWEILER 1024
Plainfield, N.J., Meter Repair Shop.....	GEORGE M. HASKEW 1027
The Ridgewood, N.J., Service Building.....	J. A. CARR 1030
Industrial Water Use	
Corn Products Industry.....	W. J. LAUTERBACH 1033
Meat-packing Industry.....	M. D. SANDERS & L. W. PETERSEN 1035
Electric Utility Industry.....	C. J. MCLEAN 1037
Long-Range Water Supply Planning for Wichita.....	ROBERT H. HESS 1043
Domestic and European Molecular Filter Membranes	
HAROLD F. CLARK, HAROLD L. JETER, EDWIN E. GELDRICH, & PAUL W. KABLER	1052
Silica Removal Characteristics of Highly Basic Anion Exchangers	M. E. GILWOOD, CALVIN CALMON, & A. H. GREER 1057
American Standard Specifications for Short-Body Cast-Iron Fittings, 3 Inch to 12 Inch, for 250-psi Water Pressure Plus Water Hammer	ASA A21.10-1952 (AWWA C110-52) 1065
Tentative Standard Specifications for Aluminum Sulfate.....	AWWA B403-52T 1075

December

Legal Problems Confronting Water Works Management.....	
JOHN H. MURDOCH JR.	1085
Use and Operational Control of Mechanical Equipment.....	
JOHN RIAN	1092
Billing and Accounting Practices at Louisville.....	
B. E. PAYNE	1099
Multiple-Treatment Units for Water Purification.....	
E. H. ALDRICH	1107
Installation and Performance of Radial Collector Wells in Ohio River Gravels	
H. K. GIDLEY	1117
Taste and Odor Problems During Spring Runoff	
JOSEPH F. ERDEI, GEORGE S. LEE, LEO LOUIS, & JAMES A. SAMPSON	1127
Action of Ozone on Tastes and Odors and Coliform Organisms	
MARCUS P. POWELL, KENT G. DRUMMOND, CESAR SAAVEDRA, FREDERICK M. EVANS, NEIL B. FISHER, & PHILIP F. MORGAN.....	1144
Selling Rate Adjustments to Citizens	
LEONARD N. THOMPSON, MORRIS S. JONES, J. CLARK KEITH, A. P. KURANZ, W. R. LADUE, & C. F. WERTZ.....	1151
Chlorine Controls Revoked.....	1160
Slurry Feeding of Activated Carbon.....	JOHN R. BAYLIS 1161
Control of Fluoridation.....	ROBERT S. JACOBSON 1169
Revision of Concrete Pipe Specifications.....	1173
Binding the Year's Journals.....	1174
1952 Conference—Kansas City.....	1175
Papers Scheduled at 1952 Section Meetings.....	1185
Index for Volume 44, 1952:	
Subject Index.....	1199
Author Index.....	1208

Subject Index

A

- Abandoned wells; statistics on, in Illinois, 202
- Abbreviations; list of, for use in JOURNAL AWWA, 61
- Accidents; *see* Safety measures
- Accounting; methods of, for use with machine billing, 1099
- Activated carbon; *see* Carbon
- Activated silica; *see* Silica sols
- Administration; water works; experiences of a woman in, 655
- report of committee on, 263
- timekeeping as aid in, 187
- Aeration; Memphis experiments with, 336
- Agriculture; relation of water resources management to, 803
- Air conditioning; *see* Cooling water; Heat pump
- Akron, Ohio; rate increases and public relations at, 1157
- Alexandria, Va.; combination treatment units at, 1108
- Algae; *see* Growths; Plankton
- Alizarin method; modified reagent for fluoride determination by, 224, 1171
- Alkalinity; calculation of effect of temperature on, 356
- effect of, on silica sols, 54
- Alpine case; federal water rights claims asserted in, 672
- Aluminum sulfate; specifications for, 1075
- American Medical Association; fluoridation views of, 9, 148
- American Standards Association; specifications; for short-body cast-iron fittings, 1065
- American Water Works Association; audit of funds for 1951; report of, 271
- awards; section; policy on, 732
- committee reports and activities; artificial ground water recharge, 682
- deep wells, 961
- fluoridation materials and methods, 553, 943
- service line materials, 1021
- underground waste disposal, 685
- water works administration, 263
- water works practice; 254
- weather control, 531
- AWWA (*contd.*); growth of, 830
- JOURNAL; new abbreviations for use in, 61
- publications report, 267
- recommended practice; tentative; for inspecting, repairing, and repainting tanks; summary of revisions to, 746
- for painting and repainting elevated steel water storage tanks, standpipes, and reservoirs, 747
- recommended procedure; for sealing abandoned wells—addendum to standard specifications for deep wells, 965
- specifications; American Standard; for short-body cast-iron fittings, 1065
- standard; for cold-water meters; emergency alternate provisions for, 262
- for tanks; summary of revisions to, 745
- tentative; for aluminum sulfate, 1075
- for bauxite; erratum, 465
- for gate valves, 857; erratum, 946
- for soda ash, 165
- for steel pipe flanges, 969
- Transmission and Distribution Division; formation and scope of, 537
- Analyses; hydraulic; need for, in planning improvements, 351
- water; molecular filter for, 471
- Anion exchangers; *see* Ion exchangers
- Antifreeze; sprinkler system protection with, 100
- Aquatic organisms; *see* Growths; Plankton
- Aquifers; *see* Ground water
- Arkansas River Basin; federal study of, 302
- ASA; specifications; for short-body cast-iron fittings, 1065
- Asbestos-cement pipe; water hammer allowances for, 985
- Atomic energy; *see* Radiation; Radioactive material
- Audit of AWWA funds; report of, 271
- Automatic equipment; surge control with, 447
- Automotive equipment; *see* Equipment
- Awards; AWWA section; policy on, 732

B

- Bacteria; effect of lime treatment on, 466
- reduction of, by ozonation, 1149
- study of packing materials in relation to, 707

Bacteriology; molecular filters for use in, 471, 1052
 Base exchangers; *see* Ion exchangers
 Bauxite; erratum in specifications for, 465
 Beer's law; application of, in photometry, 635
 Billing; machine; Louisville, Ky., methods of, 1099
 Boiler water; anion exchangers for silica removal from, 1057
 conditioning of, 484; addendum to, 828
 problems of, in power industry, 1040
 so-called electrical and catalytic treatment of, 576
 Bonds; *see also* Financing
 revenue; use of consultants on issuance of, 93
 Bookkeeping; *see* Billing
 Breaks; *see* Main breaks
 Budget control; principles of, 547

C

California; federal claims to water rights in, 669
 ground water litigation in, 662
 water supply permit law of, 149
 Carbon; activated; odor control with, in spring runoff periods, 1131
 slurry feeding of, 1161
 taste and odor studies with, 538
 Carbon dioxide; free; calculation of effect of temperature on, 356
 Carbonate; sodium; anhydrous (soda ash); specifications for, 165
 Caries; dental; inhibition of, by fluorides, 2, 947
 by Flural, 73
 Carson River; federal claims to water from, 672
 Cases; court; *see* Litigation
 Casings; well; explosives for removal of scale from, 40
 NPA regulation on, 70
 "Catalytic treatment"; misleading claims for, 576
 Cathodic protection; magnesium anodes for, 407, 425
 steel pipe; requirements and methods of, 413
 tank; Long Beach, Calif., installation for, 428
 Cation exchangers; *see* Ion exchangers
 Cedar Rapids, Iowa; spring taste and odor problems at, 1135
 Cement-mortar; crushing-strength tests on pipe with, 525
 load tests on pipe with, 518
 Charlotte, N.C.; fluoridation experience at, 597
 Chattanooga, Tenn.; combination treatment units at, 1110
 Chicago South District Filtration Plant; dehumidification of pipe galleries at, 317
 Chlorination; free residual; odor control with, in spring runoff periods, 1133
 Chlorine; interference by, in fluoride determination, 242, 1170
 revocation of NPA controls on, 1160
 sulfide oxidation by, 309
 Chlorine dioxide; odor control with, in spring runoff periods, 1130
 Clamps; use of, in pipe repairs, 251
 Clarification; *see* Coagulation
 Coagulation; *see also* Silica sols; Solids-contact process basins
 combination treatment units for, 1107
 ferrous sulfate for, 459
 fluoridation combined with, 71
 Coal-tar enamel; *see* Coatings
 Coatings; cement-mortar; crushing-strength tests on pipe with, 525
 load tests on pipe with, 518
 pipe; installation experience with, 455
 steel pipe; tests on, 893
 Coliform organisms; *see* Bacteria
 Color; occurrence of, with tastes and odors, 1129
 Color comparators; types of, 631
 Colorimetry; *see* Photometry
 Combination treatment units; design and evaluation of, 1107
 Committee reports; *see* American Water Works Association; Michigan Section, AWWA
 Concrete; *see also* Concrete pipe
 reinforced; minimum steel for, in tank design, 442
 Concrete pipe; water hammer allowances for, 988
 Conservation; industrial water; need for greater effort in, 283
 Construction; *see also* Development; Extensions
 prevention of damage claims due to, 67
 Consultants; engineering; selection of, by small plants, 89
 financial; duties of, 95
 Consumption; *see* Demand
 Control equipment; *see* Equipment
 Controlled materials; increase in self-authorized purchases of, 502, 654
 Cooling water; conditioning of, 484; addendum to, 828
 Copper-mercury solution; jute treated with, 713

Copper sulfate; algae control with, 727
 Corn products industry; processing of water for, 1033
 Corrosion; effects of, on hot-water system, 224
 electrolytic; measurement of, 413
 Corrosion control; *see* Boiler water; Cathodic protection
 Costs; artificial recharge, 679
 automotive equipment operation, 157
 cathodic protection, 434
 fluoridation; equipment, 602
 treatment, 953
 machine billing, 1106
 pumping station, 960
 reclaimed water, 515
 Counts; plankton; precision of standard method for, 208
 simplified procedures for, 617
 Court decisions; *see* Litigation
 Cuba; water rates in, 217

D

Damage claims; *see* Liability
 Dams; gateless; advantages of, 797
 siltation problems due to, 806
 Deep well pumps; types of, used in Illinois, 203
 Deep wells; *see* Wells
 Dehydration; filter pipe gallery; methods of, 317
 Deionization; *see* Ion exchangers; Sea water reclamation
 Delaware River; New York City interest in, 18
 Demand; industrial water; type and amount of, 279
 water; ratios of, for agricultural products, 803
 Demineralization; *see* Ion exchangers; Sea water reclamation
 Density; optical; definition of, 634
 Dental caries; *see* Caries
 Desalting; *see* Ion exchangers; Sea water reclamation
 Design; distribution system; minimum standards for, 373; erratum, 616
 rapid sand filter; improvements in, 733
 Development; *see also* Government, U.S.;
 Ground water; Wells
 industrial supply; reasons for delay in, 282
 water resources; need for coordination in, 803
 water supply; plans for, at Wichita, Kan., 1043
 well supply; Memphis, Tenn., program for, 331

Disease; waterborne; causes of, in New York State, 648
 Disinfection; packing material; effects of, 707
 Distillation; sea water; methods of, 690
 Distribution systems; *see also* Pipe; Services adequacy of, for fire protection; 103
 claims due to breaks in, 63
 investigation of, at Milwaukee, Wis., 110
 minimum standards for design, construction, and maintenance of, 373; erratum, 616
 notes on maintenance of, 249
 Duboscq comparator; principle of, 631
 Ductile iron; characteristics and applications of, 912

E

East Bay Municipal Utility District, Calif.; construction of Seneca Reservoir by, 161
 Electric utilities; processing of water for, 1037
 Electrical resistivity; use of, in water industry, 24
 "Electrical treatment"; misleading claims for, 576
 Emergencies; *see also* Main breaks
 flood; Kansas experience with, 780
 measures to be taken in, 811
 Employees; *see* Labor relations; Training
 Enamel; *see* Coatings
 Engineers; consulting; selection of, by small plants, 89
 Engineers Joint Council; national water policy views of, 776
 Equipment; automotive; operating costs of, 157
 use of, in maintenance work, 249
 machine billing; Louisville, Ky., use of, 1099
 mechanical; operational control of, 1092
 photometric; types and evaluation of, 628
 remote control; design of, at Memphis, Tenn., plant, 349
 surge prevention with, 447
 slurry feeding; design of, 1161
Escherichia coli; *see* Bacteria
 Evanston, Ill.; fluoride-carries study at, 947
 Evaporation; large-scale study of, 701
 Exchangers; *see* Ion exchangers
 Expenses; *see* Costs
 Explosives; well improvement with, 39
 Extensions; *see also* Financing
 cost estimates for, 402, 405
 Indiana regulations on, 399

F

- Fallbrook case; federal water rights claims asserted in, 669
- Federal government; *see* Government, U.S.
- Feedwater; *see* Boiler water
- Ferrous sulfate; coagulation with, 459
- Filter photometer; spectrophotometer distinguished from, 629
- Filters; activated-carbon; taste and odor studies with, 538
experience with underdrains for, 491
molecular; comparison of domestic and European types of, 1052
water analysis with, 471
rapid sand; improved design for, 733
- Filtration; combination treatment units for, 1107
Swedish methods of, 389
- Financing; budgetary considerations in, 547
fluoridation; methods of, 615
use of consultants on, 93
- Fire protection; adequate flows for, 103
Wisconsin regulations on, 179
- Fittings; cast-iron; short-body; ASA specifications for, 1065
- Flanges; steel pipe; specifications for, 969
- Flocculation; *see* Coagulation; Silica sols
- Flood control; *see also* Government, U.S.; Legislation; National water policy
dams without gates for, 797
study of 1951 Kansas flood in relation to, 765, 778
- Floods; *see also* Kansas flood of 1951
fire flows affected by, 105
- Florida; suburban rates in, 142
- Flotation; quaternary ammonium compounds for water treatment by, 719
- Flow; *see also* Analyses; Water hammer
fire; adequacy of, 103
- Fluoridation; *see also* Fluorides; Flural
American Medical Assn. statement on, 9, 148
census of materials and methods of, 553
supplemental report on, 943
coagulation combined with, 71
legal aspects of, 10, 610, 945, 1088
managerial problems connected with, 595
National Research Council views on, 1
U.S. Public Health Service attitude on, 175
- Fluorides; methods for determination of, 239, 1169
natural occurrence of, 1, 559, 950
physiological effects of, 3, 947
presence of, in foods, 952
taste study on, 940

Flural; coagulation-fluoridation with, 71

Freezing; *see* Temperature

G

- Gate valves; *see* Valves
- Geophysical methods; use of, in water industry, 23
- Government; *see also* Legislation; National water policy
relocation problems due to highway construction by, 835
- U.S.; *see also* National Production Authority
Bureau of Reclamation; steel pipe coating tests by, 893
interagency committee; Arkansas-White-Red River study by, 302
Public Health Service; role of, in water industry, 174
Water Resources Policy Commission; legislative proposals of, 287
- Ground water; *see also* Development; Recharge; Wells
California court decisions on use of, 662
geophysical methods of prospecting for, 23
increased use of, 193
Wausau, Wis., study of, 36
- Grounding; use of water pipes for, 383
- Growths; aquatic; copper sulfate for control of, 727

H

- Hardness; *see* Ion exchangers
- Hazards; *see* Liability; Safety measures
- Health; public; current problems in, affecting water works, 171
- Heat pump; applications of, 131
- Heaters; corrosion in, 224
- Herbicides; weed control with, 730
- Highway construction; engineering, financial, and legal problems due to, 835
- Hot-water systems; corrosion in, 224
- Hydraulics; *see* Analyses; Water hammer
- Hydrology; *see* Ground water; Weather control

I

- Illinois; mortality of wells in, 193
- Improvements; need for hydraulic analyses in planning of, 351
- Incol; New York City interest in, 18
- Indiana; extension policies in, 399
- Indianapolis, Ind.; fluoridation experience at, 603
- Industrial wastes; *see* Wastes

Industrial water; problems connected with, 279
processing of, for corn products industry, 1033
for electric utilities, 1037
for meat-packing industry, 1035
reclaimed water for use as, 507
Inspection; *see* Maintenance
Installations; *see also* Services
faulty; damage claims due to, 63
Instruments; *see* Equipment
Intakes; problems and types of, on variable streams, 873
Interstate Commission on Delaware River Basin; New York City interest in, 18
Ion exchangers; anion; silica removal characteristics of, 1057
cation; counterflow regeneration of, 80; erratum, 355
Iowa; spring taste and odor problems in, 1127
Iron; ductile; characteristics and applications of, 912
effect of, on filter sand, 734
Irrigation; reclaimed water for use in, 504

J

Joints; bacteriological study on packing materials for, 707
mechanical; Washington Suburban Sanitary Dist. experience with, 454
JOURNAL AWWA; annual report on, 267
new abbreviations for use in, 61
Jute; bacteriological and toxicological study of, 707

K

Kansas flood of 1951; emergency measures in, 811
flood control study in connection with, 765
interruptions to water service by, 780
relation of, to Missouri Basin program, 778

L

Labor relations; *see also* Training
timekeeping as factor in, 188
Lambert's law; statement of, 634
Law; *see* Legislation
Lawsuits; *see* Liability; Litigation
Legislation; *see also* Government; Litigation
California; water supply permits, 149
New Jersey; cash-basis financing, 94
New York State; qualifications of treatment plant operators, 650
Pennsylvania; 1951; water utilities affected by, 397

Legislation (*contd.*); state; weather control, 534, 1018
Tennessee; utility district, 328
U.S.; Flood Control Act, 302
proposed water resources act, 290
Wisconsin; Public Service Commission, 177
Lewiston, Idaho; filter underdrain experience at, 491
Liability; municipal; court rulings on principles of, 10
fluoridation as possible cause of, 10, 611, 1088
water works; grounding to pipes as possible basis for, 385
handling of claims based on, 63
negligence as basis for, 1085
Licensing; New York State requirements on, 650
Lime; bacteria affected by, 466
Linings; cement-mortar; crushing-strength tests on pipe with, 525
load tests on pipe with, 518
pipe; installation experience with, 456
reservoir; design and construction of, 161
Litigation; *see also* Legislation; Liability
federal water rights in California as subject of, 66²
ground water rights; California court decisions on, 662
Pennsylvania; rate structures, 396
public interest versus property rights, 1089
utility structure relocation; court decisions on, 840
Louisville, Ky.; machine billing at, 1099

M

Machine billing; Louisville, Ky., methods of, 1099
Machines; *see* Equipment
Magnesium; cathodic protection with, 407, 425
Main breaks; clamps for repair of, 251
damage claims due to, 63
extent of, in Kansas City flood, 789
fire flows affected by, 106
water hammer as cause of, 992
Mains; *see* Concrete pipe; Distribution systems; Pipe; Steel pipe
Maintenance; distribution system; minimum standards for, 373; erratum, 616
notes on, 249
meter, 115, 125
valve, 58
Management; *see* Administration
Manganese; problem of, in radial well supply, 1123

Materials; government-controlled; NPA regulations on, 502, 654
Meat-packing industry; processing of water for, 1035
Membranes; filter; molecular; *see* Filters
permselective; sea water reclamation with, 698, 845
reservoir; design and construction of, 161
Memphis, Tenn.; aeration experiments at, 336
new installations at, 345
well supply development at, 331
Mercury; jute treated with, 713
Meter boxes; damage claims due to faulty installation of, 67
Meters; cold-water; emergency alternate specifications for, 262
construction of repair shop for, 1027, 1030
determination of sizes of, 849
NPA regulation on, 70
testing and repair of, 115, 125
Miami, Fla.; dams without gates at, 797
rate increases and public relations at, 1158
Michigan; underground waste disposal in, 686
Michigan Section, AWWA; distribution system standards committee report, 373; erratum, 616
Microorganisms; *see* Bacteria; Growths; Plankton
Milwaukee, Wis.; fluoridation experience at, 601
investigation of distribution system at, 110
Missouri River Basin; evaluation of program for, 777
spring taste and odor problems in, 1127
Moisture; removal of, in filter pipe galleries, 317
Molecular filters; *see* Filters
Multiple-treatment units; design and evaluation of, 1107

N

National Production Authority; information on new regulations of, 70, 372
reclassification of water systems by, 502
suspension of, 654
removal of chlorine controls by, 1160
National Research Council; fluoridation views of, 1
National water policy; complexities of, 775
need for reorientation of, 803
proposed legislation for, 287
Nessler tubes; use of, in photometric analysis, 631
New Jersey; cash-basis finance law of, 94
New York City; interest of, in Incodel projects, 18
New York State; training of treatment plant operators in, 648
Nomographs; alkalinity calculated with, 356
NPA; *see* National Production Authority

O

Odors; *see* Tastes and odors
Ohio River; use of radial water collectors on, 1117
Old Hickory, Tenn.; utility district organization in, 327
Omaha, Neb.; spring taste and odor problems at, 1127
Operators; treatment plant; New York State facilities for training of, 648
Optical density; definition of, 634
Organization; utility district; Tennessee laws on, 328
Ottumwa, Iowa; spring taste and odor problems at, 1133
Outbreaks; waterborne; causes of, in New York State, 648
Outside-city service; *see* Extensions; Rates, suburban
Ozonation; odor control and coliform reduction by, 1144

P

Packing materials; bacteriological study of, 707
Paints; *see* Coatings
Park Forest, Ill.; water supply problems of, 1024
Pasadena, Calif.; rate increases and public relations at, 1152
Pennsylvania; publicly and privately owned utility rate structures in, 392
Peoria, Ill.; fluoridation promotion at, 608
Percolation; rates of, in different soils, 678
Permits; water supply; California law on, 149
Personnel; *see* Labor relations; Training
Peterborough, Ont.; pumping station at, 957
valve maintenance at, 58
Petersburg, W.Va.; high-rate clarifier operation at, 461
pH; *see* Alkalinity
Photometry; fluoride determination by, 224, 1170
principles and evaluation of, 625
taste and odor studies by, 543

- Pipe; *see also* Distribution systems; Services; Steel pipe
 ASA specifications for short-body cast-iron fittings for, 1065
 installation experience with, in Washington Suburban Sanitary Dist., 452
 standard water hammer allowances for, 977
- Pitting; *see* Corrosion
- Plainfield, N.J.; meter repair shop at, 1027
- Plankton; precision of standard counting method for, 208
 simplified procedures for examination and recording of, 617
- Pollution; ground water; underground waste disposal as cause of, 685
 legal aspects of, 1090
 need for keeping up with problems of, 173
- Postcards; use of, with machine billing, 1103
- Practice; *see* Recommended practice; Water works practice
- Precipitation; artificial; *see* Weather control
- President's Water Resources Policy Commission; legislative proposals of, 287
- Procedure; *see* Recommended procedure
- Prospectus; financial; elements of, 97
- Public health; current problems in, affecting water works, 171
- Public Health Service; role of, in water industry, 174
- Public relations; fluoridation and, 595
 procedures for, in emergencies, 815
 rate increases and, 1151
- Publications; AWWA; new abbreviations for use in, 61
 report on, 267
- Pump; heat; applications of, 131
- Pumping stations; booster; design and operation of, 957
 design and construction of, at Memphis, Tenn., 346
 at Winnipeg, Man., 560
 remote controls for, 447
- Pumps; deep well; types of, used in Illinois, 203
 fire flows affected by failure of, 107
 intake; mounting and arrangement of, 879
- Purchasing; controlled-material; *see* National Production Authority
- Purification; *see* Treatment

Q

- Quality; reclaimed water; data on, 512
- Quaternary ammonium compounds; use of, in flotation process, 719

R

- Radial water collectors; use of, at Kirkwood, Mo., 886
 in West Virginia, 1117
- Radiation (atomic energy); physiological effects of, 584
- Radioactive material; methods of testing for, in water, 583
 powdered-metal slurry for removal of, 824
 removal of, from small volumes of water, 325
- Rainmaking; *see* Weather control
- "Ranney" wells; *see* Radial water collectors
- Rates; Cuba; pattern of, 217
 Pennsylvania; regulations on, 396
 public relations to obtain increases in, 1151
 suburban; establishment of, 142, 400
 Wisconsin; regulation of, 179, 1155
- Recharge; artificial; committee progress report on, 682
 sewage effluent for, 509, 680
 Swedish methods of, 387
 types of, 677
- Reclamation; sea water; methods of, 690, 845
 sewage and industrial wastes; status of, 503
- Reclamation Bureau; U.S.; steel pipe coating tests by, 893
- Recommended practice; AWWA; tentative; for inspecting, repairing, and repainting tanks; summary of revisions to, 746
 for painting and repainting elevated steel water storage tanks, standpipes, and reservoirs, 747
- Recommended procedure; AWWA; for sealing abandoned wells—addendum to standard specifications for deep wells, 965
 committee report on, 961
- Records; importance of, in damage suits, 69
- Red River Basin; federal study of, 302
- Regeneration; *see* Ion exchangers
- Regulations; *see* Extensions; Government; Legislation; Rates
- Relocation; water main; engineering, financial, and legal aspects of, 835
- Repair; *see* Maintenance
- Reservoirs; construction of linings for, 161
- Resins; *see* Ion exchangers
- Resistivity; electrical; use of, in water industry, 24
- Revenue; relation of, to suburban rates, 144
- Revenue bonds; *see* Financing
- Ridgewood, N.J.; construction of service building at, 1030

S

- Safety measures; educational approach to, 498
 maintenance work, 253
 water works, 15
- St. Paul, Minn.; rate increases and public relations at, 1151
- Salt; *see* Ion exchangers; Sea water reclamation
- San Francisco; handling of damage claims at, 63
- Scale; *see also* Boiler water; Corrosion
 explosives for removal of, from well casings, 40
- Schools; *see* Training
- Screens; intake; selection of, 876
- Sea water; molecular filter for analysis of, 474
- Sea water reclamation; *see also* Ion exchangers, cation
 membrane process for, 698, 845
 various methods for, 690
- Sedimentation; *see* Coagulation; Siltation
- Seismology; use of, in water industry, 23
- Seneca Reservoir, Calif.; watertight design of, 161
- Services; *see also* Distribution systems
 determination of sizes of, 849
 NPA regulation on materials for, 70
 survey of practices in installation of, 1021
- Sewage; *see also* Wastes
 reclamation of water from, 503, 680
- Short schools; *see* Training
- Silica; removal of, by anion exchangers, 1057
- Silica sols; stability and activity of, 49
- Siltation; aggravation of, by dams, 806
- Silver iodide; artificial precipitation with, 1001
- Siphon intake wells; use of, on variable streams, 887
- Slurry; feeding of activated carbon as, 1161
- Snow cover; effect of, on frost penetration, 935
- Snowpack; effect of artificial precipitation on, 1017
- Soda ash; specifications for, 165
- Sodium carbonate; anhydrous (soda ash); specifications for, 165
- Softening; *see* Ion exchange
- Soil temperature; Canadian study on, 923
- Solids; molecular filter for determination of, 477
- Solids-contact process basins; turbidity removal in, 461
- Specifications; *see also* Recommended practice; Recommended procedure
 ASA; for short-body cast-iron fittings, 1065
 Specifications (*contd.*); AWWA; standard;
 for cold-water meters; emergency alternate provisions for, 262
 for deep wells; addendum to, 965
 for tanks; summary of revisions to, 745
 tentative; for aluminum sulfate, 1075
 for bauxite; erratum, 465
 for gate valves, 857; erratum, 946
 for soda ash, 165
 for steel pipe flanges, 969
 Spectrophotometry; *see* Photometry
 Sprinklers; antifreeze protection for, 100
 Standard methods; microscopic plankton counts; precision of, 208
 simplified procedures in conjunction with, 617
 Standards; *see* Specifications
 Standpipes; *see* Tanks
 State governments; *see* Government; Legislation
 Steel pipe; cathodic protection of, 407, 413
 cement-mortar lined and coated; crushing-strength tests on, 525
 load tests on, 518
 specifications for flanges for, 969
 tests on coatings for, 893
 water hammer allowances for, 983
 Sterilization; packing material; effects of, 707
 Storage; *see* Reservoirs; Tanks
 Stream pollution; *see* Pollution
 Suburban service; *see* Extensions; Rates
 Sulfate; aluminum; specifications for, 1075
 ferrous; coagulation with, 459
 Sulfides; oxidation of, by chlorine, 309
 Surge; *see* Water hammer
 Survival and retirement experience; wells, 193
 Sweden; water works practice in, 387

T

- Tanks, cathodic protection of, 409, 428
 failure of, at Tucumcari, N.M., 435
 recommended practice for painting and repainting of, 747
 reinforced concrete; minimum steel for, 442
 summary of revisions to specifications for, 745
 Tannin; tastes and odors due to, 1129
 Tastes and odors; fluoridated water; study on, 940
 fundamental studies on, 538
 ozonation for control of, 1144
 problems of, during spring runoff, 1127
 Teeth; *see* Caries
 Temperature; calculation of effect of, on alkalinity, 356
 soil; Canadian study on, 923

Tennessee; utility district organization in, 328
Testing; meter, 115, 125
Timekeeping; importance of, in water works administration, 187
Training; need for, in use of mechanical equipment, 1092
treatment plant operators; New York State facilities for, 648
Transmittance (light); definition of, 634
Treatment; *see also* Aeration; Coagulation; Ozonation
"catalytic" and "electrical"; misleading claims for, 576
combination units for, 1107
Treatment plants; Memphis, Tenn.; design of, 345
statistics on, for New York State, 648
Swedish modifications in, 389
Tucumcari, N.M.; failure of storage tank at, 435
Turbidity; high-rate clarifier for removal of, 461
2,4-D; weed control with, 730

U

Underdrains; filter; Lewiston, Idaho, experience with, 491
Underground water; *see* Ground water
United States; *see* Government, U.S.
Use; *see* Demand

V

Valves; gate; proper intervals for, in distribution system, 109
specifications for, 857; erratum, 946
maintenance of, 58, 249
water hammer due to defects in, 995
Vibratory explosives; well improvement with, 39

W

Washington Suburban Sanitary District; pipe installation experience in, 452
Wastes; control of underground disposal of, 685
industrial; reclamation of water from, 503, 680
Water and Sewage Works Manufacturers' Association; organization of, 833
Water hammer; evaluation of standard allowances for, 977
remote controls for prevention of, 447
Water resources; *see* Development; Ground water; National water policy

Water Resources Policy Commission; legislative proposals of, 287
Water spreading; methods of, 677
Water works; *see also* Treatment plants
California law on permits for, 149
differences between public and private ownership of, 392, 400
problems of, in expanding community, 1024
small; selection of consultants by, 89
statistics on, for New York State, 648
Water works administration; report of committee on, 263
Water works industry; experiences of a woman in, 655
place of manufacturer in, 829
program for, 571
Water works practice; report of committee on, 254
Wausau, Wis.; ground water study at, 36
Weather control; committee report on, 531
large-scale operations for, 996
Weeds; aquatic; 2,4-D for control of, 727
Well pumps; types of, used in Illinois, 203
Wells; *see also* Casings; Development; Ground water; Radial water collectors; Recharge
abandoned; recommended procedure for sealing of, 965
committee report on, 961
explosives for improvement of, 39
intake; use of, on variable streams, 885
mortality experience with, 193
West Virginia; use of radial water collectors in, 1117
Westmoreland County, Pa.; combination treatment units at, 1109
White River Basin; federal study of, 302
Wichita, Kan.; long-range water supply planning at, 1043
Windsor, Ont.; rate increases and public relations at, 1153
Winnipeg, Man.; design of pumping station at, 560
Wisconsin; rate increases and public relations in, 1157
Wisconsin Public Service Commission; powers and general water utility regulations of, 177
rate base determined by, 1155

Z

Zeolites; *see* Ion exchangers
Zirconium-alizarin method; modified reagent for fluoride determination by, 224, 1171
